

THE WHITE HOUSE

WASHINGTON

April 23, 2026

Dr. Cecil W. Thorn
Lakeland, Florida

Dear Dr. Thorn,

Thank you for taking the time to express your views regarding immigration policy.

As President, my most sacred duties are to protect the safety of American citizens, defend the interests of American workers, and uphold law and order in American communities. These are the obligations that guide my approach to border security and immigration policy.

Following the passage of the historic One Big Beautiful Bill in July, my Administration is now executing the strongest immigration overhaul in modern American history. This landmark legislation dramatically expands the operations of the Department of Homeland Security and Immigration and Customs Enforcement, unleashes a massive surge in Border Patrol personnel, and equips law enforcement with the tools and resources they need to arrest and remove dangerous illegal criminals from our streets and dismantle drug and human trafficking networks. The bill also authorizes the construction of hundreds of miles of new border wall and empowers federal agents to detain and deport at least one million illegal immigrants every year.

By restoring strong and secure borders, my Administration is also protecting American jobs, raising wages, and ensuring that our public resources serve our own citizens first. I am steadfastly committed to safeguarding federal public benefits for American citizens who are truly in need—not illegal immigrants who have no right to be here. With my America First economic vision, my immigration policy is lowering costs, creating jobs, and fueling an explosion of American economic growth.

Enforcing the rule of law at our borders is delivering safer neighborhoods, protecting public resources, and providing more jobs and opportunities for American citizens. As President, I will continue fighting to ensure that our glorious American sovereignty is fully restored and that the United States has the safest and most secure borders of any country in the world.

Thank you again for writing. May God bless you, and may He continue to bless the United States of America.

Sincerely,

A large, bold, black handwritten signature, likely belonging to Donald Trump, written in a cursive style.
